

Blue Shield gloves are made from natural rubber latex. They are powder free, preventing powder related complications and sensitivity after usage. Blue Shield gloves are manufactured at high end ISO certified facilities. They are uniformly chlorinated in order to guarantee reduction of extractable protein, obtain uniform color and provide an excellent feel while donning.

SALIENT FEATURES

- ▶ Anatomically designed to reduce hand fatigue, increase comfort and maintain excellent tactile sensitivity
- ▶ Come with beaded cuffs for added strength and easier donning
- ▶ Contain a textured finish providing superior grip in both wet and dry conditions
- ▶ Typically have protein content of no more than 50µg per gram - removing risk of Latex Allergy
- ▶ Light Yellow in color
